About YAS

The Young Ambassadors Society (YAS) was founded in 2011 with the goal of empowering young people and offering them opportunities to make an impact and make their voice heard by global policy makers. Through our activities, we create the conditions to learn and raise awareness on many issues related to politics, economics, innovation and sustainability.

Together with a global network of international associations, YAS is one of the founding members of the Y20 and Y7 that are the G20 and G7 official engagement groups for young people. Since their foundation, YAS has been responsible for these engagement groups for Italy in collaboration with the Italian Government and the Italian Ministry of Foreign Affairs and International Cooperation.

In 2021, as Chair of the Y20, YAS worked with the G20 Italian Presidency and G20 Ministerial Working Groups to bring youth voice and perspectives on issues related to health, education, economic development, labour, innovation and culture. In 2017, YAS was also Chair of the Y7 engagement group of the G7 under the Italian Presidency.
